2007 Silverado 2500HD Classic, 182,000 miles, 6.0L I've been reading for weeks on these humble forums about all the P0300 trouble codes. My engine has a miss, but it would occasionally go away (and so would the engine light). A day later it would come roaring back and stay for a week or better, and then go away again. I messed with it for a month.
