A novel set in 2007 London follows seven diverse characters, exploring the complex patterns and crossings of modern urban life and culminating in a climax where each character is forced to confront the true nature of the world

they inhabit.

Sixteen-year-old Jacques Rebière is living a humble life in rural France, studying butterflies and frogs by candlelight in his bedroom. Across the Channel, in England, the playful Thomas Midwinter, also sixteen, is enjoying a life of ease-and is resigned to follow his father's wishes and pursue a career in medicine. A fateful seaside meeting four years later sets the two young men on a profound course of friendship and discovery; they will become pioneers in the burgeoning field of psychiatry. But when a

female patient at the doctors' Austrian sanatorium becomes dangerously ill, the two men's conflicting diagnosis threatens to divide them--and to undermine all their professional achievements. From the bestselling author of *Birdsong* comes this masterful novel that ventures to answer challenging questions of consciousness and science, and what it means to be human.

Faulks's first novel since the extraordinary success of *Birdsong* is written with the same passion, power and breadth of vision. Set in

Online Library A Week In December Sebastian Faulks

England and France during the darkest days of World War II, Charlotte Gray, like *Birdsong*, depicts a complex love affair that is both shaped and thwarted by war. It is 1942. London is blacked out, but France is under a greater darkness, as the occupying Nazi forces encroach ever closer in a tense waiting game. Charlotte Gray, a volatile but determined young woman, travels south from Edinburgh. Working in London, she has a brief but intense love affair with an RAF pilot. When his plane is lost over France, she contrives to go there herself to work in the

Resistance and to search for him--but then is unwilling to leave as she finds that the struggle for the country's fate is intimately linked to her own battle to take control of her life.

Faulks's novel is an examination of lost paradises, politics without belief, the limits of memory, the redemptive power of art and the existence of hope beyond reason. It is also a brilliant evocation of life in Occupied France and, more significantly, a revelation of the appalling price many Frenchmen paid to survive in unoccupied, so-called Free France. As the men, women and children of

Online Library A Week In December Sebastian Faulks

Charlotte's small town prepare to meet their terrible destiny, the truth of what took place in wartime France is finally exposed. When private lives and public events fatally collide, the roots of the characters' lives are torn up and exposed. These harrowing scenes are presented with the passion and narrative force that readers will recall from *Birdsong*. Charlotte Gray will attract even more readers to Faulks's remarkable fiction.

Published to international critical and popular acclaim, this intensely

romantic yet stunningly realistic novel spans three generations and the unimaginable gulf between the First World War and the present. As the young Englishman Stephen Wraysford passes through a tempestuous love affair with Isabelle Azaire in France and enters the dark, surreal world beneath the trenches of No Man's Land, Sebastian Faulks creates a world of fiction that is as tragic as *A Farewell to Arms* and as sensuous as *The English Patient*. Crafted from the ruins of war and the indestructibility of love, *Birdsong* is a novel that will be read and marveled at

for years to come.

A sweeping drama about the madness of war and the power of love that marks acclaimed novelist Sebastian Faulks's return, after twenty years, to the fictional territory of his #1 international bestseller *Birdsong* London, 1980. Robert Hendricks, an established psychiatrist and author, has so bottled up memories of his own wartime past that he is nearly sunk into a life of aloneness and depression. Out of the blue, a baffling letter arrives from one Dr. Alexander Pereira, a neurologist and a World War I veteran who claims to be an admirer of

Online Library A Week In December Sebastian Faulks

Robert's published work. The letter brings Robert to the older man's home on a rocky, secluded island off the south of France, and into tempests of memories--his childhood as a fatherless English boy, the carnage he witnessed and the wound he can't remember receiving as a young officer in World War II, and, above all, the great, devastating love of his life, an Italian woman, "L," whom he met during the war. As Robert's recollections pour forth, he's unsure whether they will lead to psychosis--or redemption. But Dr. Pereira knows. Profoundly affecting and masterfully told, Where

My Heart Used to Beat sweeps through the 20th century, brilliantly interrogating the darkest corners of the human mind and bearing tender witness to the abiding strength of love.

When young man about town Bertie Wooster, nursing a broken heart, agrees to help his old friend Peregrine Woody Beeching, whose own romance is failing, hilarity and chaos ensue as Jeeves, the very epitome of the modern manservant, steps in to save Bertie from himself. 100,000 first printing.

Focusing on a richly significant time in our

recent past, Sebastian Faulks, the bestselling author of *Birdsong* and *Charlotte Gray*, has written his first novel set in America. The year is 1960—a fascinating moment of transition in our country, when the comfortable Eisenhower years were drawing to a close and the ruthlessly competitive Nixon/Kennedy presidential campaign signaled the beginning of a starkly different decade. Mary van der Linden has recently moved from London to Washington, D.C., with her two children and her loving, admired husband, Charlie, who is posted to the British

Embassy. Nearly forty, Mary has spent a lifetime as a loyal daughter, wife and mother. But in this year of so much change, she feels compelled to break away from her familiar world and is drawn to the freedom of New York City, which is effervescent with parties, jazz, three- martini lunches, girls in their summer dresses and men in their Sinatra hats and big ties. Greenwich Village is still charmingly bohemian, and Miles Davis's hit tune "On Green Dolphin Street" is playing everywhere. Mary finds a hotel room in New York and then finds a lover, while back in Washington her

husband drinks to forget the demands of his job, the absence of his wife and the Cold War paranoia that has overtaken the capital.

Faulks breaks new ground with this novel: It is a love story, not a war story, and it is set in America rather than France. Yet readers of his two previous bestselling novels will recognize the close focus of the historical setting, the unforgettable characters and the gathering emotional power of the narrative. On Green Dolphin Street is a dramatic, tremendously moving novel that is certain to extend the American audience for this

As Anne embarks on a torrential love affair with a married veteran of the Great War, *The Girl at the Lion d'Or* fashions an unbreakable spell of narrative and atmosphere that evokes French masters from Flaubert to Renoir.
