DISCUSSION GUIDE DuVernay exposes Nixon's "Southern Strategy" as a thinly veiled effort to decimate black communities and appeal to white voters. The war on drugs, in particular, specifically targeted communities of color, as seen by the sentencing disparities for crack (which was concentrated in poorer, urban communities) and powder cocaine.

Lord of the Flies, Nobel Prize-winner William Golding's 1954 dystopian novel, allegorizes the story of schoolboys marooned on an island to investigate mankind's inherent savagery. The novel greatly influenced writers of horror and post-apocalyptic fiction. Read a character analysis of Ralph, plot summary, and important quotes

Following his acclaimed New York Times bestseller *Did You Ever Have a Family*, Bill Clegg returns with a "delicate, deeply observed, and deftly crafted" (Nickolas Butler, author of *Shotgun Lovesongs*) second novel about the complicated bonds and breaking points of friendship, the corrosive forces of secrets, the heartbeat of longing, and the redemption found in forgiveness. A retired widow in rural Connecticut wakes to an unexpected visit from her childhood best friend whom she hasn't seen in forty-nine years. A man arrives at a Pennsylvania hotel to introduce his estranged father to his newborn daughter and finds him collapsed on the floor of the lobby. A sixty-seven-year-old taxi driver in Kauai receives a phone call from the mainland that jars her back to a traumatic past. These seemingly disconnected lives come together as half-century-old secrets begin to surface. It is in this moment that Bill Clegg reminds us how choices—to connect, to betray, to protect—become our legacy. "Written in lyrical, beautiful prose that makes even waking up seem like a poetic event" (*Good Morning America*), this novel is a feat of storytelling, capturing sixty years within the framework of one fateful day.

One of Wharton's most famous novels—the first by a woman to win the Pulitzer Prize—exquisitely details a tragic struggle between love and responsibility in Gilded Age New York. Newland Archer, an aristocratic young lawyer, is engaged to the cloistered, beautiful May Welland. But when May's cousin Ellen arrives from Europe, fleeing her failed marriage to a Polish count, her worldly and independent nature intrigues and unsettles Archer. Trapped by his passionless relationship with May and the social conventions that forbid a relationship with the disgraced Ellen, Archer is torn between possibility and duty. Wharton's profound understanding of her characters' lives makes the triangle of Archer, May, and Ellen both urgent and poignant. An incisive look at the ways desire and emotion must negotiate the complex rules of society, *The Age of Innocence* is one of Wharton's most moving works.

A NEW YORK TIMES NOTABLE BOOK It is 1901 and Buffalo, New York, stands at the center of the nation's attention as a place of immense wealth and sophistication. The massive hydroelectric power development at nearby Niagara Falls and the grand Pan-American Exposition promise to bring the Great Lakes “city of light” even more repute. Against this rich historical backdrop lives Louisa Barrett, the attractive, articulate headmistress of the Macaulay School for Girls. Protected by its powerful all-male board, “Miss Barrett” is treated as an equal by the men who control the life of the city. Lulled by her unique relationship with these titans of business, Louisa feels secure in her position, until a mysterious death at the power plant triggers a sequence of events that forces her to return to a past she has struggled to conceal, and to question everything and everyone she holds dear. Both observer and participant, Louisa Barrett guides the reader through the culture and conflicts of a time and place where immigrant factory workers and nature conservationists protest violently against industrialists, where presidents broker politics, where wealthy “Negroes” fight for recognition and equality, and where women struggle to thrive in a system that allows them little freedom. Wrought with remarkable depth and intelligence, *City of Light* remains a work completely of its own era, and of ours as well. A stirring literary accomplishment, Lauren Belfer's first novel marks the debut of a fresh voice for the new millennium and heralds a major publishing event.

#1 New York Times Bestseller “THIS. This is the right book for right now. Yes, learning requires focus. But, unlearning and relearning requires much more—it requires choosing courage over comfort. In *Think Again*, Adam Grant weaves together research and storytelling to help us build the intellectual and emotional muscle we need to stay curious enough about the world to actually change it. I’ve never felt so hopeful about what I don’t know.” —Brené Brown, Ph.D., #1 New York Times bestselling author of *Dare to Lead* The bestselling author of *Give and Take* and *Originals* examines the critical art of rethinking: learning to question your opinions and open other people's minds, which can position you for excellence at work and wisdom in life Intelligence is usually seen as the ability to think and learn, but in a rapidly changing world, there's another set of cognitive skills that might matter more: the ability to rethink and unlearn. In our daily lives, too many of us favor the comfort of conviction over the discomfort of doubt. We listen to opinions that make us feel good, instead of ideas that make us think hard. We see disagreement as a threat to our egos, rather than an opportunity to learn. We surround ourselves with people who agree with our conclusions, when we should be gravitating toward those who challenge our thought process. The result is that our beliefs get brittle long before our bones. We think too much like preachers defending our sacred beliefs, prosecutors proving the other side wrong, and politicians campaigning for approval—and too little like scientists searching for truth. Intelligence is no cure, and it can even be a curse: being good at thinking can make us worse at rethinking. The brighter we are, the blinder to our own limitations we can become. Organizational psychologist Adam Grant is an expert on opening other people's minds—and our own. As Wharton's top-rated professor and the bestselling author of *Originals* and *Give and Take*, he makes it one of his guiding principles to argue like he's right but listen like he's wrong. With bold ideas and rigorous evidence, he investigates how we can embrace the joy of being wrong, bring nuance to charged conversations, and build schools, workplaces, and communities of lifelong learners. You'll learn how an international debate champion wins arguments, a Black musician persuades white supremacists to abandon hate, a vaccine whisperer convinces concerned parents to immunize their children, and Adam has coaxed Yankees fans to root for the Red Sox. *Think Again* reveals that we don't have to believe everything we think or internalize everything we feel. It's an invitation to let go of views that are no longer serving us well and prize mental flexibility over foolish consistency. If knowledge is power, knowing what we don't know is wisdom.

A GOOD MORNING AMERICA BOOK CLUB PICK A BELLETRIST BOOK CLUB PICK For fans of *The Hours* and *Fates and Furies*, a bold, kaleidoscopic novel intertwining the lives of three women across three centuries as their stories of sex, power, and desire finally converge in the present day. Lily is a mother and a daughter. And a second wife. And a writer, maybe? Or she was going to be, before she had children. Now, in her rented Brooklyn apartment she’s grappling with her sexual and intellectual desires, while also trying to manage her roles as a mother and a wife in 2016. Vivian Barr seems to be the perfect political wife, dedicated to helping her charismatic and ambitious husband find success in Watergate-era Washington D.C. But one night he demands a humiliating favor, and her refusal to obey changes the course of her life—along with the lives of others. Esther is a fiercely independent young woman in ancient Persia, where she and her uncle’s tribe live a tenuous existence outside the palace walls. When an innocent mistake results in devastating consequences for her people, she is offered up as a sacrifice to please the King, in the hopes that she will save them all. In Anna Solomon's *The Book of V.*, these three characters' riveting stories overlap and ultimately collide, illuminating how women’s lives have and have not changed over thousands of years.

A fully realized portrait of one woman's life in all its complexity, by the National Book Award–winning author An ordinary life—its sharp pains and unexpected joys, its bursts of clarity and moments of confusion—lived by an ordinary woman: this is the subject of *Someone*, Alice McDermott's extraordinary return, seven years after the publication of *After This*. Scattered recollections—of childhood, adolescence, motherhood, old age—come together in this transformative narrative, stitched into a vibrant whole by McDermott's deft, lyrical voice. Our first glimpse of Marie is as a child: a girl in glasses waiting on a Brooklyn stoop for her beloved father to come home from work. A seemingly innocuous encounter with a young woman named Pegeen sets the bittersweet tone of this remarkable novel. Pegeen describes herself as an “amadan,” a fool; indeed, soon after her chat with Marie, Pegeen tumbles down her own basement stairs. The magic of McDermott's novel lies in how it reveals us all as fools for this or that, in one way or another. Marie's first heartbreak and her eventual marriage; her brother's brief stint as a Catholic priest, subsequent loss of faith, and eventual breakdown; the Second World War; her parents' deaths; the births and lives of Marie's children; the changing world of her Irish-American enclave in Brooklyn—McDermott sketches all of it with sympathy and insight. This is a novel that speaks of life as it is daily lived; a crowning achievement by one of the finest American writers at work today. Major Ernest Pettigrew is perfectly content to lead a quiet life in the sleepy village of Edgcombe St Mary, away from the meddling of the locals and his overbearing son. But when his brother dies, the Major finds himself seeking companionship with the village shopkeeper, Mrs Ali. Drawn together by a love of books and the loss of their partners, they are soon forced to contend with irate relatives and gossiping villagers. The perfect gentleman, but the most unlikely hero, the Major must ask himself what matters most: family obligation, tradition or love? Funny, comforting and heart-warming, Major Pettigrew's *Last Stand* proves that sometimes, against all odds, life does give you a second chance.

A close friendship is one of the most influential and important relationships a human life can contain. Anyone will tell you that! But for all the rosy sentiments surrounding friendship, most people don’t talk much about what it really takes to stay close for the long haul. Now two friends, Aminatou Sow and Ann Friedman, tell the story of their equally messy and life-affirming *Big Friendship* in this honest and hilarious book that chronicles their first decade in one another’s lives. As the hosts of the hit podcast *Call Your Girlfriend*, they’ve become known for frank and intimate conversations. In this book, they bring that energy to their own friendship—its joys and its pitfalls. Aminatou and Ann define *Big Friendship* as a strong, significant bond that transcends life phases, geographical locations, and emotional shifts. And they should know: the two have had moments of charmed bliss and deep frustration, of profound connection and gut-wrenching alienation. They have weathered life-threatening health scares, getting fired from their dream jobs, and one unfortunate Thanksgiving dinner eaten in a car in a parking lot in Rancho Cucamonga. Through interviews with friends and experts, they have come to understand that their struggles are not unique. And that the most important part of a *Big Friendship* is making the decision to invest in one

another again and again. An inspiring and entertaining testament to the power of society's most underappreciated relationship, *Big Friendship* will invite you to think about how your own bonds are formed, challenged, and preserved. It is a call to value your friendships in all of their complexity. Actively choose them. And, sometimes, fight for them.

The classic, bestselling book on the psychology of racism -- now fully revised and updated *Walk into any racially mixed high school and you will see Black, White, and Latino youth clustered in their own groups. Is this self-segregation a problem to address or a coping strategy?* Beverly Daniel Tatum, a renowned authority on the psychology of racism, argues that straight talk about our racial identities is essential if we are serious about enabling communication across racial and ethnic divides. These topics have only become more urgent as the national conversation about race is increasingly acrimonious. This fully revised edition is essential reading for anyone seeking to understand the dynamics of race in America.

"An inspiring tribute to female friendship and female courage!"--Kate Quinn, New York Times bestselling author of *The Alice Network* and *The Huntress*. Three women are brought together in an enthralling story of friendship, heartbreak, and resilience. Set at the U.S. Military Academy at West Point, this is an amazing debut novel. Duty. Honor. Country. That's West Point's motto, and every cadet who passes through its stone gates vows to live it. But on the eve of 9/11, as Dani, Hannah and Avery face four grueling years ahead, they realize they'll only survive if they do it together. Everyone knows Dani is going places. With athletic talent and a brilliant mind, she navigates West Point's predominantly male environment with wit and confidence, breaking stereotypes and embracing new friends. Hannah's grandfather, a legendary Army general, offers a stark warning about the dangers that lie ahead, but she moves forward anyway, letting faith guide her path. When she meets her soul mate at West Point, the future looks perfect, just as planned. Wild child Avery moves fast and doesn't mind breaking a few rules (and hearts) along the way. But she can't outpace her self-doubt, and the harder she tries, the further it leads her down a treacherous path. The world—of business, of love, and of war—awaits Dani, Hannah, and Avery beyond the gates of West Point. These three women know that what doesn't kill you makes you stronger. But soon, that adage no longer rings true—for their future, or their friendship. As they're pulled in different directions, will their hard-forged bond prevail or shatter? *Beyond the Point* is a heartfelt look at how our closest friends can become our fiercest battle buddies. After all, the greatest battles we fight rarely require a uniform.
