Economics is an exciting, dynamic subject  
that allows students to develop an  
understanding of the complexities and  
interdependence of economic activities in a  
rapidly changing world.. At the heart of  
economic theory is the problem of scarcity.  
While the world's population has unlimited  
needs and wants, there are limited resources

Economics in the DP - International  
Baccalaureate®

While capital may refer to funds invested in a business in other disciplines such as accounting, cash is not included in capital in terms of a production input in economics. Homes and personal automobiles are also not included in capital because these items are not directly tied to the production of goods or services.
