complexities of prejudice motivated crime and effective policing practices. Hate crime has become a barometer for contemporary police relations with vulnerable and marginalised communities. But how do police effectively lead conversations with such communities about problems arising from prejudice?

Contemporary police are expected to be active agents in the pursuit of social justice and human rights by stamping out prejudice and group-based animosity. At the same time, police have been criticised in over-policing targeted communities as potential perpetrators, as well as under-policing these same communities as

victims of crime. Despite this history, the demand for impartial law enforcement requires police to change their engagement with targeted communities and kindle trust as priorities in strengthening their response to hate crime. Drawing upon a research partnership between police and academics, this book entwines current law

transforms the discipline by providing a cultural history of the intersection of the courtroom and the Holocaust in American film from 1944-2008, using case studies to question the ever-changing relationship between testimony, history, memory, truth, and film. It deconstructs the accepted notion of the Holocaust as being

an event at the limits of the imagination. The book is divided into two sections that are delimited by the two real-life courtroom proceedings which have had the greatest influence on American film's representation of the Holocaust: the Nuremberg trials of 1945-46 and the Eichmann trial in 1961. The methodology

Pre-crime aims to pre-empt 'would-be-criminals' and predict future crime.

Although the term is borrowed from science fiction, the drive to predict and pre-empt crime is a present-day reality. This book critically explores this major twenty-first century development in crime and justice. This first in-depth study of pre-

crime defines and describes different types of pre-crime and compares it to traditional post-crime and crime risk approaches. It analyses the rationales that underpin pre-crime as a response to threats, particularly terrorism, and shows how it is spreading to other areas. It also underlines the historical continuities that prefigure the emergence
