Armstrong's Handbook of Human Resource Management Practice is the bestselling and definitive resource for HRM students and professionals, which helps readers to understand and implement HR in relation to the needs of the business. It covers in-depth all of the areas essential to the HR function such as employment law, employee relations, learning and development, performance management and reward, as well as the HR skills needed to ensure professional success, including leadership, managing conflict, interviewing and using statistics. Illustrated throughout in full colour and with a range of pedagogical features to consolidate learning (e.g. source review boxes, key learning points, summaries and case studies from international organizations such as IBM, HSBC and Johnson and Johnson), this fully updated 15th edition includes new chapters on the HRM role of line managers, evidence-based HRM, e-HRM and the gender pay gap, further case studies and updated content covering the latest research and developments. Armstrong's Handbook of Human Resource Management Practice is aligned with the Chartered Institute of Personnel and Development (CIPD) profession map and standards and is suited to both professionals and students of both undergraduate degrees and the CIPD's level 5 and 7 professional qualifications. Online supporting resources include comprehensive handbooks for lecturers and students, lecture slides, all figures and tables, toolkits, and a literature review, glossary and bibliography.

Human Resource Management provides students with the daily tools and skills they need to function as successful managers—in both human resources and business in general. With a practical approach, the text explores the evolution of the field, highlighting the introduction of revolutionary new technologies and social media platforms such as LinkedIn and cloud computing. The fifteenth edition focuses on the positive impacts technology has had on the HR field. The ability to vet potential employees on the Internet shifts more HR responsibilities to managers, leaving HR departments with more time to carry out strategic, long-term endeavours for boosting employee performance and engagement. With a heavy focus on emerging industry trends, the text prepares students with everything they need to be successful managers and HR personnel in the 21st century.
