Developing innovative work behaviours through self-leadership

Innovative Work Behavior Iwb In

Innovative work behavior (IWB) typically includes exploration of opportunities and the generation of new ideas (creativity related behavior), but could also include behaviors directed towards implementing change, applying new knowledge or improving processes to enhance personal and/or business performance (implementation oriented behavior).

Innovative Work Behavior: Measurement and Validation

Although an important component of innovative behavior is creativity, i.e., the generation of novel and useful ideas (Amabile, 1988), it requires more than just creative behavior. Innovative work behavior (IWB) is a multi-stage behavior that intends to improve processes, products, or procedures, and ultimately culminates in the implementation of a new idea in a work role, group, or organization (Farr & Ford, 1990; Janssen, 2000; Scott & Bruce, 1994).
