## Narcissistic Personality

Narcissists have very little ability to empathize with others; this lack of empathy is a hallmark sign of narcissism. Narcissists tend to be selfish and self-involved and are usually unable to understand what other people are feeling. They expect others to think and feel the same as they do and seldom give any thought to how others feel.

### 15 Signs Of A Narcissist: Traits, Behaviors & More

Narcissistic personality disorder, or narcissism is a pattern of feeling very self-important, needing admiration from others, and having little feeling for others. If you experience narcissistic personality disorder, you may come across to others as conceited, boastful or “ up-yourself ” .
