Pearson Science New South Wales 7 Teacher Companion saves you time in implementing the new AC for NSW syllabus. We have done the work for the Year 7-10 New South Wales teachers by comprehensively supporting you in the Teacher Companion. Help cater for a diversity of learners with hundreds of teaching and learning strategies, as well as extension activities and support for practical activities. These learning strategies include support for student-designed investigations, additional varied skill level activities, as well as learning strategies that specifically target Learning Across the Curriculum areas, such as literacy and numeracy support. The Pearson Science NSW series will not only save you time in implementing the NSW Syllabus for the Australian Curriculum, but it's the only series that really engages your students. The series includes content and activities presented within the context of the three NSW Syllabus strands: Knowledge and Understanding, Working Scientifically and Learning Across the Curriculum. Content identified as 'Additional' in the NSW syllabus has been clearly differentiated from core content and is carefully placed in the flow of content.

'Exploring Science' has evolved to meet the advancing needs of today's science lessons. The student's book is now combined with a CD-ROM. The CD-ROM contains an ActiveBook (a digital version of the student book), fully blended with an extensive range of interactive multimedia resources.
