Amazon.com: Customer reviews: Return to the Little Kingdom ...

Through the 1990s, the Danish great Lars von Trier broke up his steady output of controversy-stirring, festival-beloved feature films with the occasional sojourn to the small screen. Between 1994 and 1997 there were two installments of his televised miniseries *The Kingdom*, an odd career detour long regarded as a deep cut for auteur completists, and possibly due for reassessment in light of ...

Return to the Little Kingdom : Steve Jobs and the Creation ...

In the Prologue to *Return to the Little Kingdom: Steve Jobs, the Creation of Apple, and How It Changed the World* (the 2009 updated reissue of *The Little Kingdom*) Moritz states that he was as incensed as Jobs was about the *Time Magazine* special issue: "Steve rightly took umbrage over his portrayal and what he saw as a grotesque betrayal of confidences, while I was equally distraught by the way in which material I had arduously gathered for a book about Apple was siphoned, filtered, and ...

The Little Kingdom - Wikipedia

Mike Moritz returns to 'The Little Kingdom' The journalist turned venture capitalist talks about his groundbreaking book.

Recounts the eight-year growth of Apple Computer, Inc., from garage workshop to international business leader and spotlights the personalities behind Apple's remarkable successes

Now Moritz revisits his classic biography in light of what Apple has become, offering for the first time in paperback the only from the ground up account of Apple's early years.

Cartoons that draw their creator into another world; demonic paintings that exert a sinister influence on our own. Fairy tales that express the secret losses and anxieties of their tellers. These are the elements that Steven Millhauser employs to such marvelous—and often disquieting—effect in *Little Kingdoms*, a collection whose three novellas suggest magical companion pieces to his acclaimed longer fictions. In "*The Little Kingdom of J. Franklin Payne*," a gentle eccentric constructs an elaborate alternate universe that is all the more appealing for being transparently unreal. "*The Princess, the Dwarf, and the Dungeon*" is at once a gothic tale of nightmarish jealousy and a meditation on the human need for exaltation and horror. And "*Catalogue of the Exhibition*" introduces us to the oeuvre of Edmund Moorash, a Romantic painter who might have been imagined by Nabokov or Poe. Exuberantly inventive, as mysterious as dreams, these novellas will delight, mesmerize, and transport anyone who reads them.
