By Rachel Abbott, ABC School's Academic Coordinator. Many students of English are fascinated by William Shakespeare and his impressive legacy but many are also daunted or intimidated by the prospect of reading one of his classics like ' Romeo and Juliet ' , ' Macbeth ' and ' The Tempest ' . Despite this, everyone will have heard of a character or a line from one of his plays at some point in their life and Shakespeare is the most quoted writer in the history of the English ...

The perfect gift for Shakespeare fans, Y Is for Yorick is full of witty references to the Bard's unforgettable plots and characters. Readers will love perusing the cheeky illustrations and reading such entries as "J is for Juliet. Juliet teaches all young girls that if you truly love someone, wholly and completely, it will be the death of you."

This volume provides a comprehensive survey of the English Bibles of Shakespeare's day, notes their similarities and differences, and indicates which version the playwright knew best. The biblical references in each of Shakespeare's plays are then carefully analyzed, as are Shakespeare's references to the Prayer Book and the homilies. The thorny question of what constitutes a valid biblical reference is also discussed.

This book examines the important themes of sexuality, gender, love, and marriage in stage, literary, and film treatments of Shakespeare's plays. • Includes excerpts of four English early-modern marriage manuals • A bibliography contains sources regarding Greek, Roman, medieval, and early-modern European sexuality as well as Shakespearean criticism • A glossary clarifies unfamiliar terms

The series that began the creative partnership between Andy Griffiths and Terry Denton, which now encompasses eight Just! books, and are followed by the bestselling Treehouse series and many more. "Andy Griffiths is King of the Kids" The Weekly Review "Unruly comedy and unrestrained rebelliousness" Australian Financial Review - Take one Shakespearean tragedy: Macbeth. - Add Andy, Danny and Lisa - the Just trio, whose madcap exploits have already delighted hundreds of thousands of readers for the last ten years. - Mix them all together to create one of the most hilarious, most dramatic, moving stories of love, Whizz Fizz, witches, murder and madness, from the bestselling and funniest children's author in Australia.

Embarking on yet another journey, Suzanne writes about her experiences and tries to make some sense of this confusion we call American education. With a European perspective, she will develop the best of both worlds, by outlining the best of both educational systems. To balance this rather serious subject, she will insert poetry to lighten the way to a different paradigm shift. What programs are better, how are they instituted, and where can they be rearranged to enhance the educational experience? That part of the study will presently unfold.

"This book offers a short, spirited defense of rhetoric and the liberal arts as catalysts for precision, invention, and empathy in today's world. The author, a professor of Shakespeare studies at a liberal arts college and a parent of school-age children, argues that high-stakes testing and a culture of assessment have altered how and what students are taught, as courses across the arts, humanities, and sciences increasingly are set aside to make room for joyless, mechanical reading and math instruction. Students have been robbed of a complete education, their imaginations stunted by this myopic focus on bare literacy and numeracy. Education is about thinking, Newstok argues, rather than the mastery of a set of rigidly defined skills, and the seemingly rigid pedagogy of the English Renaissance produced some of the most compelling and influential examples of liberated thinking. Each of the fourteen chapters explores an essential element of Shakespeare's world and work, aligns it with the ideas of other thinkers and writers in modern times, and suggests opportunities for further reading. Chapters on craft, technology, attention, freedom, and related topics combine past and present ideas about education to build a case for the value of the past, the pleasure of thinking, and the limitations of modern educational practices and prejudices"--

At last—a key that unlocks the secrets of Shakespeare's life Intimacies with Southampton and Marlowe, entanglements in London with the elusive dark lady, the probable fathering of an illegitimate son—these are among the mysteries of Shakespeare's rich and turbulent life that have proven tantalizingly obscure. Despite an avalanche of recent scholarship, René Weis, an acknowledged authority on the Elizabethan period, believes the links between the bard's life and the poems and plays have been largely ignored. Armed with a wealth of new archival research and his own highly regarded interpretations of the literature, the author finds provocative parallels between Shakespeare's early experiences in the bustling market town of Stratford—including a dangerous poaching incident and contacts with underground Catholics—and the plays. Breaking with tradition, Weis reveals that it is the plays and poems themselves that contain the richest seam of clues about the details of Shakespeare's personal life, at home in Stratford and in the shadowy precincts of theatrical London—details of a code unbroken for four hundred years.
