After healing her own unhealthy relationship with money, and transforming her financial disaster into prosperity and security, Karen McCall created a recovery program she has now used for more than twenty years to help individuals, couples, and businesses large and small. In the midst of her money troubles, she saw a need for something other than financial planners, accountants, and credit counselors. These experts could tell her what she should be doing differently, but she needed someone to help her understand the underlying causes of chronic, self-defeating overspending and credit card debt, underearning, and low or no savings. To save herself, she created practical, holistic tools that address these sources of pain and shame. McCall ’ s program supports people as they uncover their deep-seated attitudes about money; provides simple, step-by-step tools for healing areas of physical, emotional, and spiritual deprivation; and teaches skills and strategies for experiencing lasting personal and financial fulfillment even in the midst of economic challenges and reversals.

Get Started on the Right Foot and Change How You Think About Finances I have never made much money by Western standards. In fact, I have never made more than a middle class income. But by employing these strategies, I was able to increase my net worth dramatically at a very young age. It took only 6 years of full-time employment to build an "FU money" fund of hundreds of thousands of dollars, providing me the freedom to travel and take time off of work to pursue other interests. I was able to do this by quickly taking action and ignoring conventional advice. After years of trial and error, I have developed a strategy and philosophy that simply works. And I want to share with you everything I have done to build this large nest egg. I have nothing to hide. The truth is that the path to wealth is not complicated, and you do not need to make millions to get there. More and more of us are realizing that financial freedom is possible in 10 years or less. But the media will never tell you this. Your politicians will never tell you this. They want you to live to work instead of work to live. Now is the time to flip the script and live free! BACK COVER OF BOOK Learn to heal yourself and others. Are You a Healer? Everyone has the ability to heal but most people do not pay attention to this wondrous skill. To heal with energy is to believe the spiritual truism that energy comes first and all else stems from it. Most people believe in the world that they see with their eyes but not the internal world that they feel with their hearts and spirit. It is your energy that creates who you are and what happens to you. Who can be a healer? Everyone is a healer. All of us are Light Beings. Each one of us holds the magical key of reaching the healer within, the part of you that is whole and always in touch with the oneness of the universe, which is what we call your Higher Self. Healing is the art of bringing a person ’ s energy back to a true balance. We all have the ability to heal ourselves, and others. Energetic Healing introduces you to the skills of being able to diagnose to heal, to understand the nature of Karma and Free Will; to heal without taking on the other person ’ s pain, energy or problem; and to heal from a place of neutral cosmic love. Healing is a very powerful skill. It is the type of skill you will get to practice more than any other skill since people seem always to be encountering one healing problem or another in life! You do not have to become a professional Healer or a full time healer to practice the art of healing. There is always some type of healing to be done. Sometimes it is a healing of a physical problem but it can also be a healing of an emotional, mental or spiritual nature too. What the Healer learns from Healing: Healing is the ability to change or shift energy. If you can shift your own energy or someone else ’ s to heal yourself of a physical problem you can also shift your energy to " heal " yourself of an emotional, mental, financial or spiritual problem too. Many people study Energetic Medicine, and go on in life to use these skills to improve their financial situation, to create better relationships with spouses and family members, to change outmoded, rigid or stuck ways of thinking, to clear old emotional patterns and feelings; and to release physical pain and trauma in their bodies. Energetic Medicine is the art of moving energy. Once you understand that " energy " comes first and is the cause of all of your experiences you can use your skills to move the energy and learn to create your own reality. The author, Lavanah Shell Bdoak, has taught this form of energy healing for thirty years. In this book she gives you step by step instructions to practice energetic healing as if you are attending a class in person.
