Centre for Socio-Legal Studies | Oxford Law Faculty

The paper reproduced here argues that socio-legal studies are important for legal education and juristic inquiry, and it outlines problems facing social studies of law in law schools. It claims that legal theory is necessary for practical legal studies but that legal philosophy's purportedly timeless theories about the nature of law have largely failed to meet this need.

Answered August 21, 2018 · Author has 122 answers and 1.2M answer views. Society needs laws! Society cannot sustain itself without these "definitive laws" and these cumulative laws affect the society in many different ways. Having definitive laws maintain the balance in the society and is essential. Some laws may be good for the society at large and some laws may not; but a law (whether good or bad) has an impact (whether good or bad) on the lives of the people.
