From New York Times bestselling author of Lead From The Outside and political leader Stacey Abrams, a blueprint to end voter suppression, empower our citizens, and take back our country. "With each page, she inspires and empowers us to create systems that reflect a world in which all voices are heard and all people believe and feel that they matter." —Kerry Washington A recognized expert on fair voting and civic engagement, Abrams chronicles a chilling account of how the right to vote and the principle of democracy have been and continue to be under attack. Abrams would have been the first African American woman governor, but experienced these effects firsthand, despite running the most innovative race in modern politics as the Democratic nominee in Georgia. Abrams didn' t win, but she has not conceded. The book compellingly argues for the importance of robust voter protections, an elevation of identity politics, engagement in the census, and a return to moral international leadership. Our Time Is Now draws on extensive research from national organizations and renowned scholars, as well as anecdotes from her life and others ' who have fought throughout our country ' s history for the power to be heard. The stakes could not be higher. Here are concrete solutions and inspiration to stand up for who we are now. "This is a narrative that describes the urgency that compels me and millions more to push for a different American story than the one being told today. It's a story that is one part danger, one part action, and all true. It's a story about how and why we fight for our democracy and win." |Stacey Abrams

Speaking through a gifted medium, who has channeled their message of faith and hope, ascended masters existing in a non-physical realm, in oneness with God, have delivered a revelation one that will change our physical and spiritual existence and bring us, and our world, back into desperately needed balance. " We come to you to lead the way in your self-discovery, in remembrance of who you are. We speak to you at this time, for this is the time of new beginnings. Light essences of crystallized forms penetrate the consciousness of your species, with thought forms and inspiration to facilitate the shift that will transform you, to live a life that is free from the egotic state that is contributing to the demise of your species. We love you and have been sent by God/Universal Intelligence to encourage, support, inspire, and awaken you to the truth of who you are. Our messages are of light and love. "

ABOUT THE BOOK Author Isa Mea shares with us her personal journey, navigating altered states of consciousness through working with the sacred plant medicine Ayahuasca and other teacher plants of the Amazon rainforest for over a decade. She explains the relevance and importance of plant diets as a means of establishing connections with guides and teachers from other realities. These plant spirits teach us about ourselves, our place in the world and how to heal our physical, mental, emotional and spiritual wounds. The potentials of these plants were discovered by Indigenous cultures, as they developed the practices of communicating and learning from other realities. By the principles of giving and receiving, the time has come for all cultures to unite and afford indigenous peoples the recognition and respect they deserve for their knowledge, their right to self-determination and the protection of their environment. Only then can we fully appreciate and understand the true meaning and importance of their knowledge. United as one human family, evolving through wisdom and understanding of the interconnectedness of all things, we may finally reach harmonious ways of living, enabling us to grow and expand the life force of the planet.

Beloved nun and social activist Joan Chittister, who appeared on Oprah's Super Soul Sunday, offers a soul-stirring and inspiring guide that speaks to all who feel disillusioned and dissatisfied with the power-hungry institutions and systems of this world. Joan Chittister has been a passionate voice for women's rights for over 50 years. Called "one of the most well-known and trusted contemporary spiritual authors" by Publishers Weekly, this rabble-raising force of nature for social justice and fervent proponent of personal faith and spiritual fulfillment draws on the wisdom of prophets--both ancient and modern--to help us confront the societal forces that oppress and silence the sacred voices among us. Pairing scriptural insights with stirring narratives of the truth-tellers that came before us, Sister Joan offers a compelling vision for readers to combat complacency and to propel ourselves toward creating a world of justice, freedom, peace, and empowerment. For the weary, the cranky, and the fearful, Sister Joan's energizing message invites us to participate in a vision for a world greater than the one we find ourselves in today. This is spirituality in action, this is practical and powerful activism for our times.

God has a purpose for you right now. You may think you're not ready to make a difference in God's Kingdom or that you're too young for others to take seriously. But that's not what God thinks. At some point, you have to understand your own purpose and significance in the kingdom of God. How does God want to use you? This book uses the Old Testament leader Joshua as a model for stepping up to God's big calling. Before Joshua, Moses was the one who had spoken to God, performed miracles, and challenged Pharaoh. But at some point, Joshua had to come out to the front. So what did he do? How did he step up? And what steps can you take to seize "now" for yourself? Now is your time. If you will be steadfast and unmovable, and always abound in what God is calling you to do, you'll see that it will not be in vain. He has a plan, a destiny for your life. Now means "not later." Now means "don't wait." God wants to do great things.
