Achieving this vision has a direct impact on the relevance of our profession and the world's prosperity, health, and future. Learn more >

Equity, diversity, and inclusion - AIA

The frequent complaint that the architecture field lacks gender and racial diversity is backed up by statistics. As of 2011, just 15 percent of licensed architects were women, and just one percent were black, according to statistics assembled by the AIA. While a number of women architects have recently ascended to more-prominent positions and ...
