A classic now in its 14th edition, Communication Technology Update and Fundamentals is the single best resource for students and professionals looking to brush up on how these technologies have developed, grown, and converged, as well as what's in store for the future. It begins by developing the communication technology framework|the history, ecosystem, and structure|then delves into each type of technology, including everything from mass media, to computers and consumer electronics, to networking technologies. Each chapter is written by faculty and industry experts who provide snapshots of the state of each individual field, altogether providing a broad overview of the role communication technologies play in our everyday lives. Key features: Gives students and professionals the latest information in all areas of communication technology The companion website offers updated information and useful links to related industry resources, and an instructor site provides a sample syllabus and a test bank This edition features new chapters on automotive telematics, digital health, and telepresence, as well as expanded coverage of tablets/phablets and 4K (ultra high definition television)

Features recommendations and ratings on hundreds of small, medium, and large-sized cars based on quality, economy, performance, and comfort standards, with judgments on crash protection, and assessments of available options

Consumer Product Innovation and Sustainable Design follows the innovation and evolution of consumer products from vacuum cleaners to mobile phones from their original inventions to the present day. It discusses how environmental concerns and legislation have influenced their design and the profound effects these products have had on society and culture. This book also uses the lessons from the successes and failures of examples of these consumer products to draw out practical guidelines for designers, engineers, marketers and managers on how to become more effective at product development, innovation and designing for environmental sustainability.

Focusing on new reference sources published since 2008 and reference titles that have retained their relevance, this new edition brings O'Gorman's complete and authoritative guide to the best reference sources for small and medium-sized academic and public libraries fully up to date. About 40 percent of the content is new to this edition. Containing sources selected and annotated by a team of public and academic librarians, the works included have been chosen for value and expertise in specific subject areas. Equally useful for both library patrons and staff, this resource Covers more than a dozen key subject areas, including General Reference; Philosophy, Religion, and Ethics; Psychology and Psychiatry; Social Sciences and Sociology; Business and Careers; Political Science and Law; Education; Words and Languages; Science and Technology; History; and Performing Arts Encompasses database products, CD-ROMs, websites, and other electronic resources in addition to print materials Includes thorough annotations for each source, with information on author/editor, publisher, cost, format, Dewey and LC classification numbers, and more Library patrons will find this an invaluable resource for current everyday topics. Librarians will appreciate it as both a reference and collection development tool, knowing it's backed by ALA's long tradition of excellence in reference selection.

For more than 25 years, The Christian Writer's Market Guide has been the most comprehensive and highly recommended resource on the market for Christian writers, agents, editors, publishers, publicists, and writing teachers. In addition to providing a wealth of ideas and tips for publishing in the Christian industry, The 2013 Christian Writer's Market Guide also includes up-to-date information on more than 400 book publishers, more than 600 periodicals, and hundreds of agents, contests, conferences, editorial services, niche markets, self-publishing services, and more. This is the ultimate reference tool for Christian writers.

In modern business practices, marketing dimensions are changing with new opportunities appearing in consumer behavioral contexts. By studying consumer activities, businesses can better engage and retain current and new customers. Socio-Economic Perspectives on Consumer Engagement and Buying Behavior is a comprehensive reference source on new innovative dimensions of consumer behavioral studies and reveals different conceptual and theoretical frameworks. Featuring expansive coverage on a number of relevant topics and perspectives, such as green products, automotive technology, and anti-branding, this book is ideally designed for students, researchers, and professionals seeking current research on the dimensions of consumer engagement and buying behavior.

B2B Customer Experience shows readers how to deliver the very best customer experience (often referred to as CX), within the business-to-business realm. Marketers have long known that emotions are important in driving our experiences, and the subject is now high on the agenda of B2B companies who want to deliver a 'wow' to their customers. Achieving this 'wow' factor helps organizations distinguish themselves from their competition, while simultaneously winning new business and retaining existing clients. B2B Customer Experience is the essential handbook that guides the reader through the process of creating an exceptional customer experience. Intensely practical in its approach, B2B Customer Experience is divided into five parts to walk readers through the journey of planning, mapping, structuring, implementing and controlling an effective customer experience, all bespoke for the B2B environment. Clearly argued and supported by real-world examples, this text will help readers understand critical features including the difference between customer experience, loyalty and inertia; how to use journey maps to establish strengths and weaknesses in an organization, and how to ensure that sales teams are engaged in the customer experience programme. Discussing some of the best known examples of consumer-focused customer experiences from companies such as Zappos, Nordstrom and John Lewis, B2B Customer Experience is the must-have text for any marketing professional working within a B2B environment.

Adapt or die is really the 21st century mantra for business. Authors Norm Johnston provides guidance on how to adopt an Adaptive Marketing model to ensure you are not only prepared for this new data world, but also winning against both traditional competitors and new disrupters.

Completely redesigned for 1996, to make it easier to find all the information on the cars on any reader's shopping list, Used Car Buying Guide now presents all models in alphabetical order. This annual bestseller steers consumers to the makes and models most likely to provide reliable and practical transportation, thus minimizing the chance of making a costly mistake. Photos. Charts.
