It's not always the case—but more often than not, the costs associated with your divorce will often be higher than your lawyer's original estimate. Contested divorces cost anywhere from \$15,000 to \$30,000, though there are plenty of ways to limit the staunch the outward flow of cash before and during the process. A key part is to keep an open mind and focus on tomorrow's opportunities rather than yesterday's injustices.

If your partner disagrees with the divorce (sometimes called a ‘ defended divorce ’) or you can't agree who should pay the divorce fee or other costs, you might need legal advice or to go to court. If you ’ re relying on 5 years without the consent of your partner, it ’ s very unlikely you ’ ll need to go to court.

The 125 Questions every woman must ask! Helping readers to make rational decisions in an irrational time, this expert guide takes women through the practical issues of divorce—especially the things their lawyer may not reveal. When it comes to divorce, what you don ’ t know CAN hurt you...and sometimes, women need more than just a lawyer ’ s advice to help them through this complicated and confusing time. That ’ s why divorce consultant Margery Rubin has created What Your Divorce Lawyer May Not Tell You, a unique guide for the woman working to stay afloat during one of the most difficult times of her life. Learn:

- How to select the right lawyer and negotiate a price you can afford.
- Why waiting to consult an attorney—even if you ’ re not sure you ’ re going to file for divorce—can be a costly mistake.
- Where to look for important financial information that your spouse might be hiding.
- How to build in “ safeguards ” to your custody agreement to prevent costly court battles later on.

Packed with the author ’ s expertise—gained first during the breakup of her own marriage to a top divorce attorney, and then as the founder of DivorceSource, a consulting firm dedicated to advising women on how to navigate divorce proceedings—this book gives women invaluable, step-by-step advice on everything they need to survive their marriage ’ s end...and get on with the rest of their lives.

A lawyer and a psychologist offer a groundbreaking divorce strategy that protects both your finances and your family. From your first thought of divorce through the final paperwork, Your Divorce Advisor takes you step by step toward a divorce that dissolves the marriage but not your dignity, your sense of family, or your financial security. Whether you hire a lawyer or a mediator, or do it yourself, this practical, direct, and empowering guide offers you the wise counsel you need for both the legal and the emotional processes of ending your marriage. Your Divorce Advisor shows you how to:

- Keep a healthy perspective that leads to a successful legal strategy and recognize when emotions threaten your case
- Protect your assets without destroying your family

Offering:

- Detailed coverage of all your legal options and guidance through every legal step, including anticipating the emotional repercussions of your decisions
- More information on custody than any other divorce book, including age-appropriate custody schedules
- A sample divorce agreement explained one paragraph at a time

Your Divorce Advisor helps you set yourself and your family on a positive course toward a new life.

Marital strife and divorce can be your chance to profoundly transform yourself, your mindset and your relationship with a more harmonious and steady vision. While many of us may be better together, some of us can actually become better apart. What if you emerged from your divorce stronger and more resilient than ever before? Better Apart is the first book to apply the life-changing, healing wisdom of meditation and yoga, combined with practical advice, to help anyone going through the painful and seemingly intractable realities of divorce. Gabrielle Hartley and Elena Brower are warm and caring guides who can help you compassionately part from your partner. Whether your separation is amicable, or your ex is combative, Better Apart can help you find peace, calm, and hope. Blending practical advice from a legal perspective together with spiritual wisdom, Gabrielle and Elena are experts and realists who have created a simple five-step process that uses original meditations, perspective-shifting exercises, and fresh suggestions to help navigate the common legal and emotional pitfalls of divorce. Don ’ t worry if you ’ ve never tried yoga or mediation; Gabrielle ’ s insight buttressed by Elena ’ s practices and exercises are accessible for all. Together, they show you how to meaningfully shift your mindset and to move forward though any—or all—parts of this emotionally fraught process. Better Apart radically reframes the way couples experience, execute, and recover from when “ for better or worse ” is no longer an option, and helps you find the road to a new mindset and better life.

“ If you had to give divorce advice to your best friend, what would you say? ” The question intrigued me. As someone who has been a divorce lawyer for decades, I ’ ve given my share of divorce advice. But what was my best stuff? If my brother, or my best friend, was getting divorced, what would I tell them? When I considered that question, I realized that oftentimes, lawyers don ’ t give their clients all of their best divorce advice. It ’ s not that we are holding back. (Okay. Maybe some lawyers are!) It ’ s mostly that we are busy. We don ’ t think about it. We don ’ t remember. So here, now is the divorce advice your attorney may – or may not – ever tell you.

Each year more than 2 million Americans get divorced, and most of them use a lawyer. In closed-door conversations between lawyers and their clients strategy is planned, tactics are devised, and the emotional climate of the divorce is established. Do lawyers contribute to the pain and emotional difficulty of divorce by escalating demands and encouraging unreasonable behavior? Do they take advantage of clients at a time of emotional difficulty? Can and should clients trust their lawyers to look out for their welfare and advance their long-term interests? Austin Sarat and William L. F. Felstiner's new book, based on a pioneering and intensive study of actual conferences between divorce lawyers and their clients, provides an unprecedented behind-the-scenes description of the lawyer-client relationship, and calls into question much of the conventional wisdom about what divorce lawyers actually do. *Divorce Lawyers and Their Clients* suggests that most divorces are marked less by a pattern of aggressive advocacy than by one of inaction and drift. It uncovers reasons why lawyers find divorce practice frustrating and difficult and why clients frequently feel dissatisfied with their lawyers. This new work provides a unique perspective on the dynamics of professionalism. It charts the complex and shifting ways lawyers and clients "negotiate" their relationship as they work out the strategy and tactics of divorce. Sarat and Felstiner show how both lawyers and clients are able to draw on resources of power to set the agenda of their interaction, while neither one is fully in charge. Rather, power shifts between the two parties; where it is achieved, power is found in the ability to have one's understandings of the social and legal worlds of divorce accepted. Power then works through the creation of shared meanings. *Divorce Lawyers and Their Clients* examines the effort to create such shared meanings about the nature of marriage and why marriages fail, the operation of the legal process, and the best way to bring divorces to closure. It will be fascinating reading for anyone who is going through a divorce, or has gone through one, as well as for lawyers, judges, and scholars of law and society.

What are you supposed to do when your insanely hot divorce attorney leans over after you've signed your divorce papers and seductively whispers in your ear, "Give me a call if you want to know how it feels to be handled by a real man since you were clearly too much woman for him," before sliding his business card over and walking out the door? I mean, what do you do with that? Sure, I'm tempted. I just lost a hundred and eighty pounds of stupid, cheating man. I deserve to treat myself. The thing is, I think he might be too much man for me. After all, he's fifteen years my senior, though he doesn't look it. But the urge to learn what this seasoned pro could teach me proves irresistible. And as it turns out, he's a pro at a lot of things...like destroying people's lives.

Before you and your spouse lawyer up, turn your family and finances upside down, and prepare for war, take a deep breath and learn about what your alternatives are to all-out war. *Divorce in Peace* revolutionizes the ways couples approach divorce by: Explaining the family law court system; Describing in detail the alternatives to fighting in court; Providing unique insight and perspectives from a judge who has presided over 10,000 divorce cases and a lawyer who has represented clients in and mediated thousands of family law cases; Giving couples a complete analysis of how to best resolve family law disputes outside of court regardless of how contentious the issues are.

Shares a different approach to divorce resolution that will help readers better navigate through the emotional and financial devastation of a break-up.

Hard-hitting divorce lawyer James Sexton shares his insights and wisdom from the front lines of divorce to keep you out of his office and improve your relationship. *If You're in My Office, It's Already Too Late*. James Sexton knows this. After dealing with more than a thousand clients whose marriages have dissolved over everything from an ill-advised threesome with the nanny to the uneven division of carpool duties, he also knows all of the what-not-to-dos for couples who want to build—and consistently work to preserve—a lasting, fulfilling relationship. Described by former clients as a “ courtroom gunslinger ” and “ the sociopath you want on your side, ” Sexton tells the unvarnished truth about relationships, diving straight into the most common marital problems. These usually derive from dishonest—or nonexistent—communication. Even when the alleged reason for separation is one spouse ’ s new “ personal trainer, ” there ’ s likely a communication problem that predates the fitness kick. Symptom and root cause get confused all the time. Sexton has spent his career working with spouses-to-be-no-longer. Reverse engineering a relationship can help to identify and fix what does not work. Ever feel like you ’ re holding back criticism of your spouse because you just can ’ t have that fight right now? Sexton will tell you to “ Hit Send Now. ” Maybe you aren ’ t as adventurous as you used to be, or need some "you time," but for some reason it seems weird or exhausting to change up the routine now. Sexton knows where that mentality leads and offers viable alternative paths to take. Though he deals constantly with the heartbreak of others, he still believes in romance and the transformative power of love. This book is his opportunity to use what he has learned to help couples that aren ’ t so far gone get back on track.

Are you or is someone you know - contemplating or in the midst of a divorce? - having post-divorce problems? - living with someone? This new edition of *A Practical Guide to Divorce in Hawaii* explains in clear, nonlegal language current Hawaii family law and how it may affect your life. The author, an experienced divorce lawyer, presents the most recent developments in child support guidelines; laws affecting property division, military retirement, alimony taxes; and court procedures, including the requirement of mediation in all cases. Offering dozens of suggestions on how to negotiate a fair settlement with your spouse, it answers questions about alimony, child custody and support, property division, and tax and debt responsibilities. An entire chapter is devoted to the special problems of military personnel. There is even a chapter on pre- and postmarital agreements and palimony. Not intended as a substitute for an attorney, this book will, however, give you a broad understanding of the divorce process in Hawaii and the knowledge of how to fully protect your rights. Originally published in 1990.
